The Board of Directors proposes that sections i) – k) will be removed from Article 17.5 of the Company's Articles of Association.

The rationale for the amendment is the change in the corresponding legislation in Finland governing notification of major shareholdings.

16. Authorising the Board of Directors to decide on the issuance of shares

The Board of Directors proposes that the Annual General Meeting would authorise the Board of Directors to resolve by one or several decisions on issuances of shares which authorisation contains the right to issue new shares or dispose of the shares in the possession of the Company. The authorisation would consist of up to 6,206,000 shares in the aggregate, which corresponds to approximately 20 per cent of the existing shares and votes in the Company.

The authorisation would not exclude the Board of Directors' right to decide on the issuance of shares in deviation from the shareholders' pre-emptive rights. The authorisation is proposed to be used for material arrangements from the Company's point of view, such as financing or implementing business arrangements, investments or for other such purposes determined by the Board of Directors in which case a weighty financial reason for issuing shares, and possibly deviating from the shareholders' pre-emptive rights would exist.

The Board of Directors would be authorised to resolve on all other terms and conditions of the issuance of shares.

The authorisation will be effective until 30 June 2019.
